

Attention ATV Operators

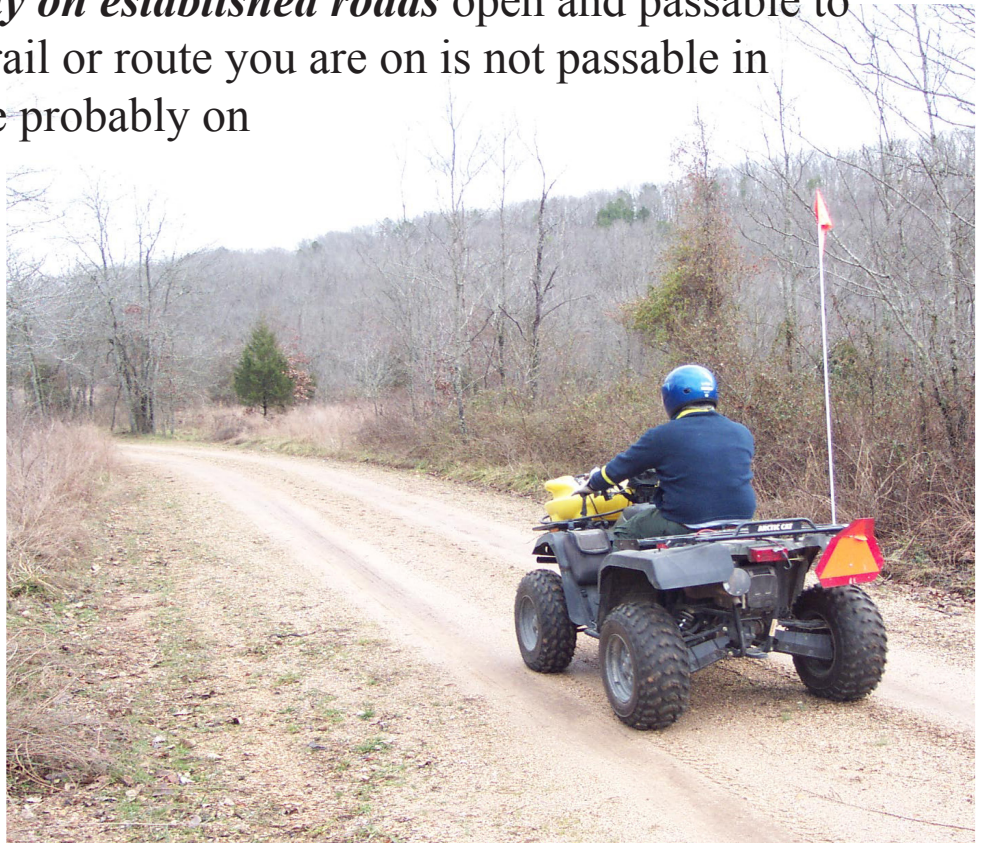

Within the Ozark Riverways, ATVs (“Four Wheelers”) are prohibited:

- Off established roads.
- On any closed roads or trails.
- On any paved roads.
- On service roads or power line rights-of-way.
- In the river unless at designated crossing and then only to cross the river and continue on.
- On gravel bars or beaches.

ATVs may be operated only on established roads open and passable to full-sized vehicles. If the trail or route you are on is not passable in a full-sized pickup, you are probably on an illegal trail.

A reminder: All ATVs must have a Missouri State registration and a county permit, the operator must have a valid driver’s license, the operator cannot carry passengers unless the ATV is equipped to carry a second person, persons under 18 years must wear an approved helmet, and the ATV must have adequate muffler, approved spark arrestor, slow-moving vehicle triangular emblem, safety flag at least 7 feet above the ground, operating brake system, and a headlight and taillight.

(Missouri State law)

EXPERIENCE YOUR AMERICA

Properly equipped ATV

The National Park Service cares for special places saved by the American people so that all may experience our heritage.
